New contributor tasksViewEditOutlineRevisions

Last updated April 18, 2013.

Welcome to the Drupal Community! You're on this page (hopefuly) because you are interested in contributing your time to the Drupal project and the Drupal community, and you don't know how to get started. We thank you for your interest, and hope you find that:

- Contributing makes you feel good
- Your contributions are valued
- Many of the tasks are fun to do
- The more you contribute, the more you learn
- Contributing makes you a more integrated part of the Drupal community

In this section (as it grows), you will hopefully be able to find specific tasks that interest you and that are quick (about an hour or less) and easy to get started on. You will also find links to how to get more deeply involved.

Adding new tasks

If you know of a task that would be appropriate for a new contributor to do, read the Adding New

Page statusNo known problemsEdit this page

Getting Involved Guide

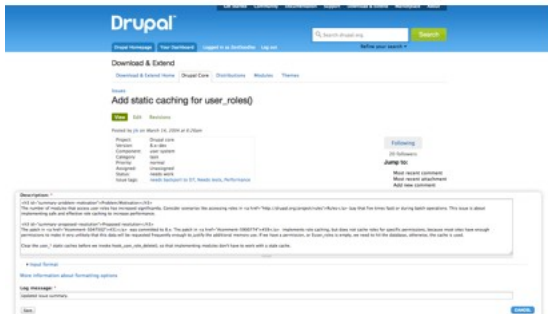

- Ways to get involved
- Link with the community
- Get a Drupal.org account
- New contributor tasks
 - New contributor tasks: Anyone
 - New contributor tasks: Roles

Task curation: drupalofficehours.org

Drupal core mentoring
We're all here!

Tasks Review Mentors Participants

Join us for Drupal core contribution mentoring! Tuesdays 09:00 - 10:00 UTC and Wednesdays 10:00 - 11:00 UTC in #Drupal IRC. (Don't wait for core mentoring! You can find tasks on your own, too!)

Have any particular mentors really helped you contribute? Thank them by listing them as your mentors on your Drupal.org profile.

Active tasks

• Add a task

Task level: [Any] Task type: [Any] Issue priority: [Any] Apply

Available	Task	Participants	Drupal.org issue	Priority	Status	Version
No	Create patch	idontknow	1982040: Change field UI so that adding a field shows an	major	active	8.x-dev
Yes	Draft change notification		1982040: Change notification using PHPUnit for unit tests	critical	active	8.x-dev
Yes	Expand test coverage		1007146: Reordering for
